

August 7, 2020

Recently, another staff member tested positive for COVID 19. The residents have had no direct exposure to the person.

Therefore, Friends Home and Linden Hall remain in our YELLOW phase of operation.

This means there is no communal dining (residents receive their meals in their rooms); There are no group activities; and there is no outside visitation (residents in the Courtyard or on the porch and families in the parking lot);

Residents are required to wear masks when out of their rooms. They may walk throughout the building and to sit on the porch (with social distancing in effect).

Thank you all for understanding as we endeavor to keep everyone at Friends Home and Linden Hall safe and healthy.

My best to you all,

Christine Mc Donald
