

FRIENDS HOME IN KENNETT COVID UPDATE

October 11, 2020

Most of the tests results have returned. We do have 2 more residents who tested positive and an office personnel. The staff member has no resident involvement and their office is in the ancillary building. This person was on a family trip last week and was taking precautions upon their return. The two new residents are both symptom free and are being closely monitored. At this time, we still cannot trace back to where the virus originated so we are being extremely cautious. All residents will be staying in their rooms for meals and activities. Staff and residents will be retested Wednesday and Thursday of this week. Communication will be updated as we get more information.

If you have any questions, please contact me at 610-444-2577 extension 202.

Thank you,

Christine McDonald ED
