

COVID UPDATE 11.30.20

YELLOW STATUS

We have received all but one test result from the 11/25 testing. All staff and residents' results that have returned are negative. We are in **YELLOW** status but plan to return to **GREEN** status on Wednesday 12/2. The positivity rate in Chester County is at 8% and climbing. The Friends Home plans to resume indoor visitation but all visitors must have a negative COVID test within 72 hours of the visit. All visitors will need to bring proof of test results at the time of the visit. Outdoor visits will resume when we regain our **GREEN** status on Wednesday.
