

**FRIENDS HOME IN KENNETT
COVID UPDATE 2/1/2021**

Both Linden Hall and Friends Home are on **Modified Yellow status**

Our vaccination clinic was held 1/27 by CVS without any issues. Everyone who requested a vaccine was able to receive it. The second dose will be provided on 2/17/21. I do have everyone's vaccination card. Those staff and residents who were not vaccinated on the 27th will be able to receive their first vaccine on 2/17/21. Their second dose will then occur on 3/10/21.

COVID testing was also performed on all staff and residents who have not received a positive COVID test in the past 3 months. All of these tests returned negative. We are going to continue our **modified yellow** status on both FH and LH sides due to our waiting for several staff tests done outside of FH to return.

The positivity rate in Chester County as of 1/27 is 7.7% which is wonderful news. This rate has been steadily declining since the second week in January.

The Friends Home will test again on 2/3 all those who have not received a positive test in the past 3 months.

As always please reach out to me with any questions and/or concerns.

Christine McDonald
