

FRIENDS HOME IN KENNETT

COVID UPDATE 6/20/2021

Friends Home and Linden Hall are in **CODE YELLOW** due to an isolated case of COVID detected in a Personal Care resident when they were hospitalized for an unrelated issue. All residents have been tested and are negative for the virus. Staff is being tested and to date all are negative. All of our residents are vaccinated and approximately 85% of staff are vaccinated.

CODE YELLOW means the following:

1. Closed to visitors. Indoors and outdoors
2. No dining in the dining room - all meals will be delivered to the residents' rooms
3. No group community life activities. No bus rides or trips. Community life staff will be visiting residents in their rooms.
4. Residents are able to leave their rooms wearing a mask and sit on the porch/patio or walk outside. We are discouraging interaction between residents until we are out of the incubation period.
5. In Friends Home, residents are able to leave the building with family or alone, if able. We are recommending diligence with wearing a mask
6. Residents are able to leave for doctor appointments, but again, must be masked
7. We will be re-testing between 3-7 days for at least the next 2 weeks. If another case occurs this status will most likely change.

As always please call with any questions or concerns. I will update this as more information comes in.

Thank you.

Christine McDonald
