

## **FRIENDS HOME IN KENNETT COVID UPDATE 6/22/2021**

### **FRIENDS HOME AND LINDEN HALL HAVE RETURNED TO GREEN STATUS**

I am very grateful to announce that we are able to return to a **GREEN** status today. I have been in communication with the State Department nurses and doctors concerning this matter and it was determined that a false positive test result occurred.

We did test all residents and most of the staff due to the original positive test result and all tests were negative.

Residents will begin having meals in the dining room again this evening, group activities and trips will resume, and visitors are once again welcome. Mask wearing is required for all visitors and staff. We recommend our residents wear a mask when in the common areas.

The Friends Home will continue to test all nonvaccinated staff monthly when the county positivity rate is less than 5%. As of June 15<sup>th</sup>, Chester County is 1%.

Thank you all for your patience and understanding as we continue to manage this pandemic as safely as possible while maintaining a quality of life for our residents.

As always please call with any questions or concerns.

Thank you.

**Christine McDonald**

**Executive Director**
