

## **FRIENDS HOME IN KENNETT COVID UPDATE 8/2/2022**

A Linden Hall resident has tested positive on Monday 8/1/22 for COVID.

All other residents of LH and staff have been tested without any additional positive cases. The one resident is isolated, and any exposed residents are quarantined.

A quarantined resident will be tested again tomorrow and then 5-7 days from Monday.

All other residents are being observed but not under any restrictions.

Families of those residents affected have been notified. I was waiting for all testing results to be available before sending the blast.

I will update as new information is available.

Please call with any questions or concerns.

**Thank you!**
